# FRENCH DOORS

French doors bring timeless elegance and abundant natural light to your home's entryway, creating a warm and welcoming first impression. Their classic double-door design blends beauty with functionality, offering wide, open views and easy access to outdoor living spaces. With customizable styles and finishes, French doors elevate both curb appeal and everyday living.

## FEATURES

- All door styles are available as a French Door
- Hinged on each end with door knobs in the center
- Available with either left or right active door (main entryway)
- Center astragal is attached to the inactive door and includes top and bottom slide bolts (used to open inactive door)
- Available as inswing or outswing
- Header security plate standard on frame
- Hardware Installation: locksets, deadbolts and kickplates will be installed on active and inactive doors, all other hardware on active door only
- Available with Trilennium® and PanoLock® multi-point hardware

## CONFIGURATIONS

## ASTRAGAL DETAILS

Astragal secures inactive door at top and bottom of your french door system

Lockable throw bolts improve security

# HINGED PATIO DOORS

Our hinged patio doors bring style and versatility to your home, available in 2- or 3-lite units that beautifully open your space to the outdoors. Designed to perfectly complement our Signet®, Ascent™, and Legacy™ entry doors, they create a seamless, cohesive look while delivering lasting performance and curb appeal.

## FEATURES

- A keyed Schlage® Flair handleset with a Maximum Security Thumbturn deadbolt is included
- The lock area is reinforced with a 20-gauge steel security plate for added strength
- Spring-loaded latch system automatically engages upon closing
- BetterVue® fiberglass screen mesh is standard
- Suspended by ball bearing rollers for reduced binding and effortless operation
- Z-AI Threshold with cap screw plugs is standard with Ascent

## SASH/SCREEN CONFIGURATIONS

### Stationary Sash/Screen:

- Either a sash or screen may be ordered to be used interchangeably.
- Sash clips or internal cam locks are built into the storm door to lock the sash or screen in place and keep them secure (*see sash clip/ internal cam lock call-out on page 2*).
- Available in all **Decorator™** models and select **Deluxe™** and **Superview™** models.

### Self-Storing Sash/Screen:

- The sashes and screen operate on separate tracks in the storm door to allow ventilation, while eliminating the need for seasonal removal and storage.
- **Deluxe** self-storing models include a full screen and **Superview** self-storing models include a bottom screen.
